Message from the President

By Keith Gay

Hello, my fellow aviation family and friends!! I hope that you have all had some quality time with your winged machines, or at least had a chance to smell the avgas.

We had a great meeting last month. It was very informative, and full of all kinds of life-saving tips and tricks, in the event you find yourself smack dab in the middle of an emergency. Our presenter, John Jones CFI, impressed upon us the importance of always having a good survival plan that fits the planned activities from flights in the Rockies to a day trip in the Family-Truckster. There were many items on the table for "show and tell", including all the things you would need for the essentials of survival: air, water, food, and shelter. We greatly appreciated John's time, and enjoyed his presentation immensely.

I also had the privilege to show off, and even sell a few, of the long-awaited EAA Chapter 1514 shirt with embroidered logo and all. It was very last minute as they just came off the machine hours before the meeting. I have to tell you, these shirts are incredible. The moisture wicking fabric is super comfortable, and the logo stitching looks sharp and professional. The price on the shirts is \$40 each, and we only bought 30 (of which some have already sold) in medium, large, XL, and XXL. When we sell out of these, we will look at producing additional shirts, and maybe a different style.

Our next meeting will be held at Lovezzola's Pizza, where dinner starts at 6 and the presentation will kick off around 6:30 on the

4th of August. Our presenter will be world record setting balloonist and former Night Stalker helicopter pilot Andy Cayton. I look forward to seeing you all there.

The deadline for the September 1, 2015 newsletter is:
Close of Business, August 21, 2015.

The July 2015 meeting was held at Lovezzola's Pizza in Pooler. There were 16 members and 3 guests in attendance. The speaker was John Jones, who gave a presentation on how to pack a survival kit for cross-country flight.

The meeting opened with the introduction of guests:

- Ed Ray has been in Savannah for 15 years and works for NetJets.
- Bonnie and Geoff Foster are originally from Santa Barbara, California, and have been members of EAA since 1989. Geoff has worked on restorations of a Citabria, Beech Staggerwing, and has built an RV-6.

A brief business meeting was held at the start. It was noted that the sale of chicken biscuits at the Ford Tri-Motor event netted \$175. It was always intended to donate the proceeds to the Nine Line Foundation (a local charity which helps disabled veterans in the Savannah area), but it was proposed that the Chapter supplement the donation from the treasury to raise the total to \$250. The motion was approved by vote of the members present, and a presentation will be made to the Nine Line Foundation at a future Chapter meeting.
