## FAA Issues Policy On The Use Of Airport Hangars

The FAA's final policy on the non-aeronautical use of airport hangars appears in the June 15th edition of the Federal Register and will take effect on July 1, 2017. <https://www.federalregister.gov/articles/2016/06/15/2016-14133/policy-on-the-non-aeronautical-use-of-airport-hangars>

The FAA issued the policy to clarify how aviation facilities can be used on airports that receive federal funds.

"The policy ensures hangars are available when there is an aviation need, and if demand is low, allows hangars to be used for non-aviation activities," FAA officials said in a prepared release.

"The FAA recognizes that non-aviation hangar space rental allows airport sponsors to be economically independent when hangars are not being used to fulfill aviation needs," the release continued.

Airport sponsors must receive approval from the FAA before hangars can be used for non-aviation purposes.

## June 7 Meeting Notes

10 members and 8 visitors attended the June 7 meeting.

Jason Schappert, founder of [MZeroA.com](http://MZeroA.com), and Matt Krysiak, the Online Ground School Manager at [MZeroA.com](http://MZeroA.com), gave a presentation. This took the form of an examination of the events leading up to the July 16, 1999 aviation accident that killed the pilot, John F. Kennedy Jr, and his wife Caroline Bessette and sister-in-law, Lauren Bessette.

Jason is a 9,000+ hour CFII, author, podcaster, and YouTube video host. He has been recognized twice as an NIFA Top Collegiate Flight Instructor and was named AOPA's Outstanding Flight Instructor of the Year in 2014.

MzeroA.com (M0a.com) is an online ground school and sells a variety of ebooks relating to private pilot, instrument, commercial and CFI ratings.

## Savannah Aviation - Rusty Pilot Program

Savannah Aviation is hosting an [AOPA Rusty Pilot Program](#) on July 9th at 9am - 12pm. This seminar is a comprehensive program that gives you all the information you need to get current again. An easy-to-follow Powerpoint presentation will bring you up to speed on hot-button issues like weather briefings, preflight planning, FARs, and airspace.

You'll learn about medical requirements, runway incursions, radio procedures and Light Sport aircraft, as well as any changes that have taken place since you last donned a headset. You'll even leave the seminar with a logbook endorsement attesting that you've completed the one-hour of ground training required for the Flight Review. All this at no cost.

The seminar will be held at Savannah Aviation, 34 Hangar Road, Savannah GA 31408. Refreshments will be held.

To register, please go to:
