

"To promote, encourage, and facilitate in a harmonious and inclusive manner all recreational aviation activities with an emphasis on education, safety and fellowship".

EAA Chapter 1514 Meeting Minutes July 5, 2016, 6:00 PM

Lovezzola's Pizza, Pooler, GA

The July 2016 meeting was held at Lovezzola's Pizza in Pooler. There were 10 members and 2 guests in attendance. The speaker was Brad Anderson of Acme Atronomic, who gave a presentation on his company's weather radar and flight planning apps via Skype. (for more information see the company's website at acmeaom.com).

A short business meeting was held after the presentation.

New business:

Chapter elections are coming up soon, so we need to start putting together a nominations committee. If you would like to serve as a chapter officer, please let any of the current officers know.

Old business:

There was a discussion on putting together fundraising events to help bolster the chapter treasury. Items discussed were:

- 1) See if the EAA Ford Trimotor is available after Sun-n-Fun next year (like we did last year, but with more time to plan).
- 2) See if there are any other groups coming back from Sun-n-Fun that might be interested in an event in Savannah, for example an LSA expo.
- 3) There is a fly-in in Brunswick in October. Look into the possibility of setting up a chapter booth for recruiting purposes.
- 4) While not strictly aviation-related, setting a golf tournament has been a good moneymaker for other organizations.

There are suggestions to amend the chapter bylaws to permit a chapter construction project (under the current bylaws, this is prohibited, but under EAA national guidelines this might be allowed so long as the project is sold before reaching an airworthy state). The suggestion was tabled to a later date.

President: no report

Vice President: no report

Treasurer: the treasury stands at \$1441.48.

Secretary: no report.

Design Group: no report

Programs: The tentative schedule for the next few months is:

Aug 2 Paul Duty of Gleim Productions will give a presentation on X-Plane flight training.

Sept 6 Brian Babek of Appareo Systems will give a talk on ADSB system requirements.

Oct 4 Larry Wilson will give a presentation on the RV-10.

Guests in Attendance:

Avril Roy-Smith

Ed Ray

Members in Attendance:

Mary Martin

Joe Buttner

Dennis Varga

Ed Wischmeyer

Gary Arms

Mark Bolton

Keith Conzachi

Officers in Attendance:

Keith Gay

Jack Scott

Doug McKissack

Upcoming Programs and Events

Gary Arms, Program Chairman

August 2: Paul Duty and Christopher Hanlon of Gleim Publications will join us via the web to cover their training resources. Of particular interest is the Gleim X-Plane Flight Training Course, which lets you practice every flight lesson in the Gleim Private Pilot Syllabus book before experiencing it in a real airplane.

FMI: www.gleim.com

September 6: Join us for an informative ADS-B seminar led by Brian Babik from Appareo. Learn more about ADS-B and understand what's important when choosing the right ADS-B option to comply with the 2020 mandate. Brian will provide tips on how to get the most out of ADS-B information, important features to look for, and in/out solutions.

October 4: TBA.

November 1 (tentative): Local pilot and builder Larry Wilson will be with us to discuss his RV-10 project that is now in the flight test phase.

2016 Officers:

President:

Keith Gay 912-657-2696 keithmgay@gmail.com

Vice President:

Mike Wordell 912-660-1832 mnword@aol.com

Secretary:

Doug McKissack 912-965-4924 dmckissa@ix.netcom.com

Treasurer:

Jack Scott 912-441-6577 jscott@echosierra.net

Are 30-day VOR checks still required?

If you are flying an aircraft with an IFR-certified GPS, do you still need to perform and log VOR checks within the preceding 30 days in order to fly IFR? The answer isn't a simple yes or no. Read more.

Mark is an attorney in Ventura County, California and is licensed to practice law in California, New York, Hawaii, Michigan and North Carolina. He's a retired US Navy Captain, Judge Advocate General's Corps and 40+ year member of AOPA. Mark flies a Twin Comanche and is the father of (and first instructor of) two airline pilots, an aircraft mechanic and a Boeing engineer.)

Don't Sweat Over Your Next Medical. Ask!

By Tom Charpentier, EAA Govt. Advocacy Specialist, EAA 1082006

We know that many pilots decided to wait it out for Congress to pass a law reforming the third-class medical process, or decided to fly light-sport aircraft. [Full story >>](#)

Member News

Chapter member Joe Buttner reported on Jack Scott's progress on his Kitfox. On Sunday, July 24, he did a first run of the newly installed engine. All went well, although preservative oil was discharged out the exhaust and all over the radiator cowl.
